

# Private Company Industry Benchmarking

## The iLumen Network

### How Does It Work?

- iLumen partners with Banks, CPA firms, Industry Associations and Trade Partners to offer Benchmarking to their customers, clients, members and partners.
- Private companies from around the country submit financial information every month
- Financial data is submitted directly from the accounting systems of the participating private companies - no third party data is ever included

### Financial Data on the Network

- All data is converted into industry standard reporting categories and aggregated by peer group
- All monthly, quarterly and annual data on the network is the same that is used for audit and compliance reporting
- See how your business is performing against a truly comparable industry peer group of private companies
  - Over 20 financial ratios and metrics for comparison
  - Multiple parameters to select your custom peer group
  - Monthly trends vs. growth rate trends
  - Aggregate calculations (including average and median)

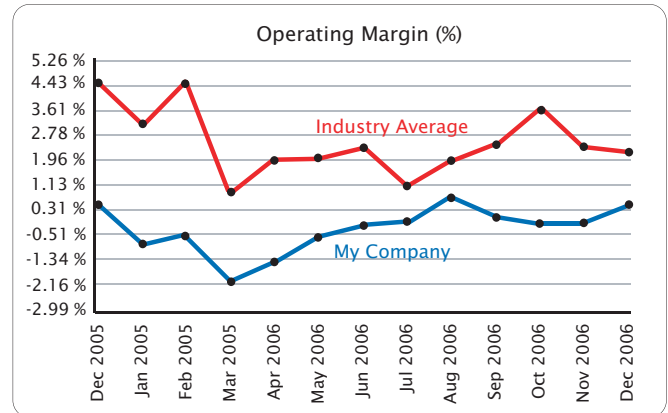

### Network Participation

- Participating Corporate Customers: 100%
- Quarterly Growth Rate of Data: 105%
- # of Private Companies: 12,000+
- # of Financial Periods: 40,000+
